ANNE KIRKPATRICK BRINGS HER FAMILY & FRIENDS to CAMOOWEAL

Anne Kirkpatrick, her son Jim Arneman and some of their musical friends are on the road for a special series of Family & Friends concerts and are coming out to the Drovers Camp for the Saturday evening show on the 27th August 2016.

Anne Kirkpatrick...the daughter Australian country music pioneers Slim Dusty and Joy McKean, first appeared on stage at age 10 in her parents' own Travelling Country Family Show back in the 1960's. She went on to forge her own long and successful solo career releasing 14 acclaimed albums, winning six CMAA Golden Guitars, several Mo Awards and an ARIA 'Country Album of the Year' Award for her 1991 'Out Of The Blue' album. Anne was also inducted into the 'Australasian Roll Of Renown' in 2010.

Joining Anne on the Family & Friends stage will be Slim and Joy's Grandson Jim Arneman. Performing together and separately over the evening, they will be including special renditions of some Slim Dusty and Joy McKean's classics. Also joining Anne and Jim on stage will be Slim's longtime record producer and TCB bandleader...the legendary Rod Coe on the double bass.

Opening the show will be the duo 'Indian Pacific' which features Jim Arneman together with talented young Victorian musician/singer Flora Smith.
